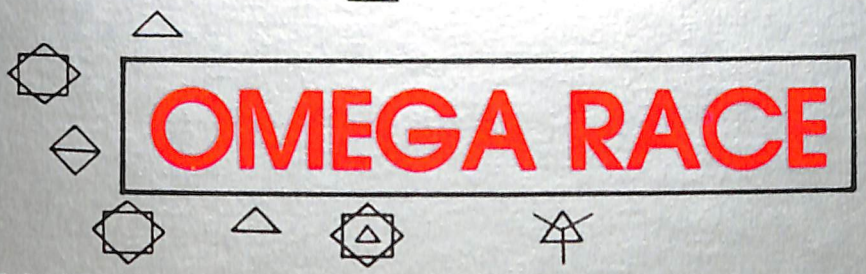
THE SMASH HIT BALLY MIDWAY ARCADE GAME



TAKE THE OMEGA RACE CHALLENGE!

Can you outmaneuver the dreaded Droid Ships, avoid the lethal vapor mines of the Mine Ships, or defeat the Death Ship before he zaps your fighter?

The Omegans are the most skillful space warriors in the Universe. They've developed their skills by staging the "Omega Race" to train their warriors and now you have a chance to take this incredible test of endurance and skill.

There's no escaping the Omegans' force field, with its "rubber band" effect, bouncing you and the droids back into the arena to do pitched battle. You never know when the wildly spinning Death Ship will overtake you, or shoot you out of the skies with its lasers!

The VIC version of this spectacular Bally Midway arcade game lets you CHOOSE YOUR OWN GAME COLORS, gives you 3 or 5 fighters to start with, and lets you play the game using a joystick OR game paddles.

Turn your VIC-20 personal computer into a space action console for hours of non-stop excitement... enjoy your Omega Race, and... good luck!
